WORK EXPERIENCE

AI Engineer

Klizer (DCKAP)

05/2024 - Present

Projects

- **Demand Forecasting Platform** : Build End to End demand forecasting platform for US based E-commerce stores. Utilized advanced **time series algorithms**, fine tuned it for best accuracy. Deployed using **AWS**. Added chatbot functionality using OpenAI.

Senior Software Engineer

Techno Exponent

05/2023 - 05/2024

Projects :

- **Sanskrit Teaching Platform** : I've created a Sanskrit teaching bot using **OpenAI API**, making sanskrit learning accessible to a diverse audience. I've enhanced its functionality to converse in 15+ languages, enriching the learning experience for users worldwide.
- **Caller Support Bot** : Leveraging **Python**, **MySQL**, **OpenAI API**, **Langchain**, and **GTTS**, I've developed an advanced customer support caller bot. This cutting-edge solution is tailored for appointment booking across various services, including hospitals, barbershops, and more.

Data Scientist

SHEYNA TECH YARNS PVT LIMITED

04/2019 - 01/2023

Projects :

- **Alexa skill for the shipping industry**: Developed an Alexa skill that accurately interpreted voice commands and delivered container freight rates. Utilized NLP and machine learning algorithms to achieve high accuracy. Increased user engagement by 25% in 3 months. Skilled in **Alexa Skill Kit**, **NLP**.
- **Legal documents Question-Answering** : Developed functionality to retrieve legal information using NLP and machine learning models from The Atticus Project. Proficient in **NLP**, **machine learning**, and **document analysis** . Extracted 41 commonly asked questions from legal documents and implemented a solution to retrieve relevant answers.
- **Analysis of Australian Vehicle Insurance Industry**: Performed EDA on 5000 reviews for 4 car insurance companies in Australia to uncover trends and insights. Analyzed public opinions to recommend actions for improving customer satisfaction and marketing efforts. Skilled in **data analysis**, **statistics**, and **visualization techniques** .

EDUCATION

Bachelor Of Engineering

SAVITRIBAI PHULE PUNE UNIVERSITY, Pune

06/2015 - 06/2019

CGPA: 7.15/10 (First class)

SKILLS

Python

LLM

OpenAI API

Langchain

GenAI

Amazon Web Services (AWS)

AWS Sagemaker

Prompt Engineering

Huggingface

OpenAI

GTTS

Scikit-Learn

SQL

Version control : Git

Natural Language Processing Skills : NLTK, Spacy, Topic Modelling

NumPy

Pandas

Statistics

Data processing

Data cleaning

Web Scraping

Exploratory Data Analysis

Data Visualization Skills : Seaborn, Tableau, Matplotlib and Plotly

Web Development Skills: Flask, Heroku, Postman

Bot Development : Alexa skills, Rasa Open Source

VOLUNTEER EXPERIENCE

NO Difference Foundation

Nagpur, India

03/2025 - Present

LANGUAGES

English, Hindi, Marathi

Full Professional Proficiency

INTERESTS

Critical thinking
